

Progress 1

2024-02-08

what precisely you have accomplished since the last progress report

Worked on creating Git Repo. Added code chunk with code to get the file path

any necessary revisions to your product moving forward

Not at the moment. I think I can accomplish atleast combining the files into one big data file.

anticipated timelines for the remaining components of your product

Feb 14th: Get the files in one sheet by next week. Feb 21st: Get the variables out of the sheets Feb 28th: Start the corealtion analysis
